CAN Categories

Printed Can

High-quality cans with designs printed directly on the surface for a durable, long-lasting finish ideal for large-scale branding.

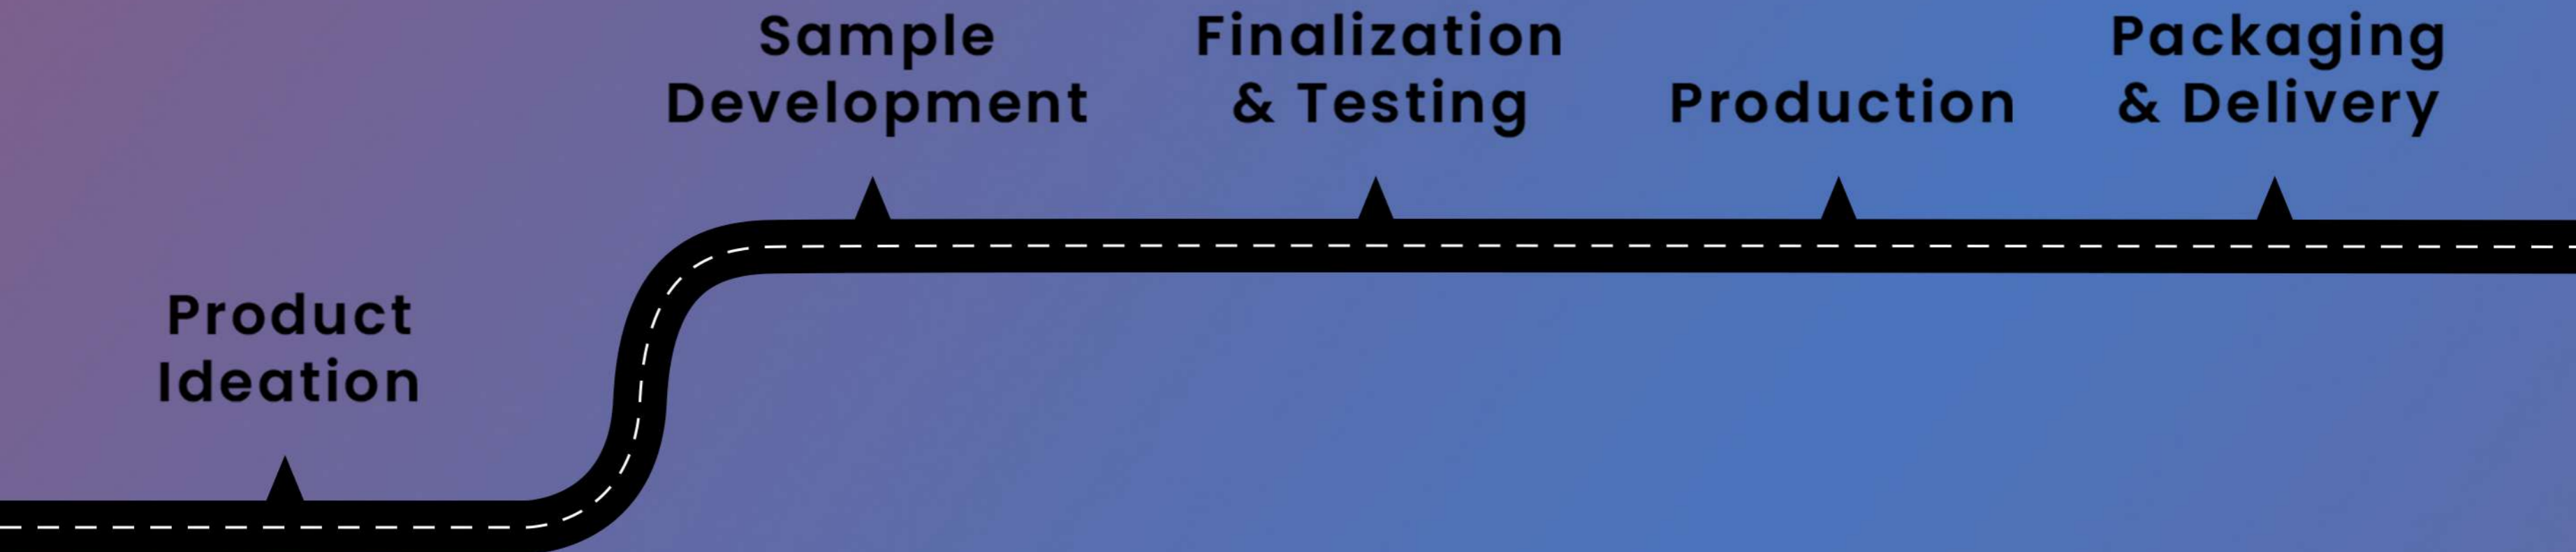

Sleeve Can

Cans wrapped with heat-shrink sleeves offering full-body, high-resolution graphics perfect for flexible and short-run production. A favorable option for new upcoming brand who want to start on small scale.

Production Process

At Koladiya Industries, our production process is designed for precision, quality and scalability. From ingredient sourcing and formulation to automated canning, packaging and quality control, every step is executed in a state-of-the-art facility to ensure your beverage is consistent, safe and market-ready. Whether it's a custom formulation or a ready-to-go recipe, we deliver with speed, hygiene and excellence.

Certification

We operate with full regulatory compliance and globally recognized certifications, Our certifications include: FSSC 22000:2018 – Food Safety System Certification, ISO 22000:2018 – Food Safety Management System, ISO 9001:2015 – Quality Management System, ISO 45001:2018 – Occupational Health & Safety, ISO 14001:2015 – Environmental Management System, FSSAI License No. 10722998000112, Government License to Operate a Factory, These reflect our commitment to producing beverages in a safe, sustainable and quality-driven environment, giving our clients full confidence in every product we manufacture.

Client Benefits
